What's Happening This Month

- Lunar New Year- Friday Feb. 12th

NO SCHOOL

- Midwinter Recess- Monday Feb. 15-19th

NO SCHOOL

A Note From The First Grade Teachers

Happy February!

Our office hours are daily at 2:00-2:20. Please contact us by email.

A Peek At What We Are Learning

Reading

As children read, view, and interact with the texts and media in this module, they build deep topic knowledge about natural patterns and cycles, sources of light, and why light and dark come and go.

Writing

Students will write an imaginative story. Students will write a folktale about how something in nature came to be.

Math

Topic 7 focuses on counting to 120 by tens and ones, reading and writing numbers 120, and representing numbers of objects with a written numeral (0-120).

Science

We will be continuing our light and sound unit.

Social Studies

In this unit we will study communities. Including the people who live in communities, our rights and responsibilities, and the leaders of our community. We will also learn how we can be leaders.

Remember to read for at least 15 minutes each day!
